Georgetown, KY 40324
Phone: 502-863-9855

Information on Solid Waste Containers (Herbie Curbie)

1. The Department of Public Works will only be disposing of trash thru the herbie system. Any trash not in the herbie will not be collected.
2. The first herbie is assigned to the residence (the house or structure) not to the resident (individual, or family, or occupant). Anyone wishing to obtain additional herbies can contact Public Works for pricing and delivery. Purchased herbies will belong to buyer and taken if someone moves.
3. Herbies assigned to the residence, the single non-purchased herbies, will be serviced by Public Works for normal wear and tear.
4. Services for bulky items, appliances and brush will remain unchanged at this time.
5. The City of Georgetown has a recycling center located at 1161 Paris Pike, where citizens can drop off recyclable goods.
6. Central Kentucky Landfill located at 493 Double Culvert Road has a free “Dump Day” on the first Saturday of the month from 8:00 a.m. to 12:00 p.m.
7. On service days, herbies are to be set by the curb with handles facing toward the street.
8. The week between the Christmas and New Year’s holidays will be exempt from item #1.
9. Weight of trash in herbie is not to exceed 250 pounds.
10. Construction debris such as wood/lumber, shingles, dry wall, tile, brick, tires, batteries and car parts are not accepted and will not be picked up. Call Central Kentucky Landfill at 502-857-1864 for their hours, rates and the items they accept.
